

**2025 LaserNetUS Meeting
July 8-10, 2025
Phoenix, AZ**

Conference Sponsor Prospectus

Dear Prospective Exhibitor or Sponsor,

We are excited to invite your organization to participate as a sponsor or exhibitor at the 2025 LaserNetUS Meeting, set to take place in Phoenix, Arizona, from July 8-10, 2025.

This year's conference aims to attract approximately 200 participants from around the globe, including a significant number of students and early-career researchers. Our annual meeting serves as a premier platform for professionals in high-power laser science and fusion to exchange knowledge, experiences, and insights on the latest trends and innovations.

As a sponsor, you will have the invaluable opportunity to showcase your company, products, and services to our diverse audience. Additionally, you can advertise current job openings to attendees. Last year's meeting in Austin, Texas, saw participation from 13 sponsors, including private industry and national labs. The event attracted 166 participants, 44% of whom were students and postdocs, and featured six exhibitors.

Similar to last year, we are offering two sponsorship packages tailored to meet the needs of organizations of varying sizes and budgets. These packages include exhibitor booths and opportunities for sponsorship of events such as poster awards and social activities. Our Sapphire package includes two complimentary exhibitor passes, granting full access to the meeting. These passes can be claimed by entering a promo code during registration.

Please refer to the enclosed Sponsorship Prospectus for detailed information on participation opportunities. Due to limited availability, we encourage you to secure your sponsorship promptly to ensure your preferred choices, as they are allocated on a first-come, first-served basis.

We look forward to welcoming you to Phoenix, the Valley of the Sun, and the fifth-largest metro area in the U.S. Phoenix is home to many world-class spas and golf resorts and boasts a robust presence in the technology sector.

Thank you for considering this opportunity. We hope to see you at the 2025 LaserNetUS Meeting.

Best regards,

A handwritten signature in black ink that reads "Chandra Breanne Curry". The signature is fluid and cursive, with the first name "Chandra" being the most prominent.

Dr. Chandra Breanne Curry (ccurry@slac.stanford.edu)
LaserNetUS Coordinator
2025 LaserNetUS Meeting Chair
