

Procedure to Acknowledge LaserNetUS Funding

Purpose/Description

Properly acknowledging the funding sources is mandatory when presenting, publishing, or reporting on work funded by LaserNetUS. This procedure provides specific instructions on how to do so for both LaserNetUS Management and Awarded Experiments, including the grant numbers.

a. For Publications and Reports	2
Awarded LaserNetUS Experiments:	2
LaserNetUS Travel and M&S Grants:	2
b. For Presentations	2
3. Funding Numbers	3
4. Uploading Presentations, Publications, and Reports	4
5. Best Practices	4

1. General Acknowledgment Procedures

When acknowledging LaserNetUS in any presentation, publication, or report, ensure the following components are included:

- The **grant number** associated with LaserNetUS Management or Facility.
 - Proper **wording** for the acknowledgment based on the type of support received (e.g., experiment, travel, or M&S grants).
 - Upload all materials (presentations, publications, reports) using the designated submission form to append them to your record for the experiment permanently.
-

2. Acknowledgment Wording

a. For Publications and Reports

Use the following acknowledgment(s) based on the support received.

Awarded LaserNetUS Experiments:

Replace [\[Funding Number\]](#) and [\[Facility Name\]](#) using the lookup table in *Section 3* below.

"The work was supported by the U.S. Department of Energy's (DOE) Office of Science (SC) Fusion Energy Sciences (FES) program under [\[Funding Number\]](#); the LaserNetUS initiative at the [\[Facility Name\]](#)."

LaserNetUS Travel and M&S Grants:

"The work was partially supported by the U.S. Department of Energy's (DOE) Office of Science (SC) Fusion Energy Sciences (FES) program under Contract No. FWP-100884: LaserNetUS Management."

b. For Presentations

When acknowledging funding in presentations, ensure that acknowledgments are concise and prominently displayed, either on the title slide or on a dedicated acknowledgment slide. It is also essential to include the LaserNetUS logo where appropriate. You can download the LaserNetUS logos in various formats from the following link: <https://lasernetus.org/logo-resources>.

Below is the required wording for the acknowledgment:

"The work was conducted at the [Facility Name]: a LaserNetUS facility funded by the U.S. Department of Energy's (DOE) Office of Science (SC) Fusion Energy Sciences (FES) program.

3. Funding Numbers

Below is a **table** of funding numbers for LaserNetUS management and experiment-related support. Be sure to use the correct funding number for your project.

Important: Funding numbers are subject to change each cycle, so please refer to this table if you are awarded additional support on your project in the future.

Facility Name	Institution	Funding Number
LaserNetUS Management	LaserNetUS Management	FWP-100884
Advanced Beam Laboratory	Colorado State University	DE-SC0021246
Advanced Laser Light Source (ALLS)	Institut National de la Recherche Scientifique (INRS)	DE-SC0021246
Berkeley Lab Laser Accelerator (BELLA) Center	Lawrence Berkeley National Laboratory	DE-AC02-05CH11231
Center for High Energy Density Science	University of Texas at Austin	DE-SC0021125
Extreme Light Laboratory	University of Nebraska - Lincoln	DE-SC0019419
Institute for the Frontier of Attosecond Science and Technology (iFAST)	University of Central Florida	DE-SC0022540
Jupiter Laser Facility	Lawrence Livermore National Laboratory	SCW-1836
Laboratory for Intense Laser-Matter Interaction Physics	University of Maryland	DE-SC0024398
Laboratory for Laser Energetics: OMEGA-EP	University of Rochester	DE-SC0024415
Matter in Extreme Conditions (MEC) Instrument	SLAC National Accelerator Laboratory	FWP-100472
Michigan Target Research and Fabrication (MiTRF)	University of Michigan	DE-SC0024546
Phoenix Laser Laboratory	University of California, Los Angeles	DE-SC0024549

Facility Name	Institution	Funding Number
Scarlet Laser Facility	The Ohio State University	DE-SC0021231

4. Uploading Presentations, Publications, and Reports

After completing any presentation, publication, or report supported by LaserNetUS, you **must upload** these materials using the designated [submission form](#). This will permanently append them to your record for the experiment and ensure proper documentation of your work.

- **Submission Form:** <https://lasernetus.org/results>

By submitting your materials, you help maintain an accurate and up-to-date record of all work funded by LaserNetUS, which is essential for tracking progress and reporting outcomes.

5. Best Practices

- **Double-check the Funding Number:** *Always* verify the number before submitting your report or publication to ensure accuracy.
- **Consistency is Key:** Use the same wording for acknowledgments across all outputs related to the funded work.
- **Check Submission Guidelines:** Many journals, conferences, and grant reports have specific sections requiring funding acknowledgments. Ensure that the LaserNetUS Persistent IDs are included when requested.
